

SECRET
(unclassified upon removal of attachments)

6 June 1979

NOTE FOR:

FROM :

Here's some tables to use as graphics with the briefing at Tab F. Recommend you insert them behind the draft briefing in place of the sketches that are there now, if you can. If the DCI wishes we can crank out several originals of each tomorrow for use in the PRC.

Attachments

25X1

P.S. Also attached is a copy of a briefing the DCI used in October on  nuclear program with some updating marginal notes from the analyst. You were right; nobody had asked about the nuclear program. Although it's rough, it will give the DCI what he needs to field questions.
